Glad to note that the Appeal has finally swung into line on the sewerage question. Better late than never.—Tribune.

If the Tribune will look over our back files, it will learn a good deal about the sewer question. This seems another case of painting the Capitol dome brown.

How Can Parents

allow their children to cough and strain and cough and calmly say: "Oh! its only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

NEVADA LEGISLATURE.

Senate called to order at 10 A. M., President pro tem. Williams in the chair.

Prayer by the Chaplain.
 Minutes read as usual.
 Reports of standing and select committees received.

INTRODUCTION OF BILLS.

S. B. 90, by Nicholls—Relative to publication of the decisions of the Supreme Court. Requires that said decisions, as soon as practicable after being rendered, must be published in some newspaper of general circulation. Fixes the price of such publication at \$1 per square. Judiciary.

S. B. 89, by Nicholls—An Act to provide revenue for the support of the Government of the State of Nevada, and the respective counties therein. An elaborate revision of the State revenue laws made by special committee. Reported from Committee of the Whole, with recommendation that it do pass. Report of Committee adopted. Considered again by sections.

At 12:20 recess taken till 1:30 p. m.

AFTERNOON SESSION.

The reading of the Revenue bill S. B. No. 89; was resumed in Senate after recess. It is a very bulky volume, a sort of reminder of Foley's fee bill of the long ago.

Its passage was recommended. The claim of Allen Bragg came before the Committee and was partially considered.

Adjourned.

—From Ensenada, Lower California, comes news of rich placer strikes and reports of thousands of dollars worth of "dust" and nuggets being found. Crowds are going from San Diego and other points to the new El Dorado. It was only the other day that the Haqua-Hala bubble was pricked, yet such is the fever for gold that the mere report of rich veins or placers being discovered in comparatively unexplored regions suffices to send thousands of men headlong to the scene.

ANOTHER TIME CARD.—It is announced that a new time card will go into effect on the Central Pacific railroad next week which provides for the west-bound overland passing Reno at about 8 p. m. If the V. & T. conforms to this change its mail and express train will arrive here about 8 instead of 5 o'clock p. m., to make close connection with the trunk line, which change will be of great advantage to the business interests of the Comstock.—Reno Journal.

—A bill was introduced in the California Legislature making it a penalty for newspapers to advertise lottery drawings. Several members rose to remark that everybody purchased tickets and that the lottery drawing advertisements were looked forward to with more interest than anything else. Some of the papers sell as high as five thousand more copies on the days they publish the list of the drawings. The bill was knocked out by a lively majority.

—It is difficult to understand why the Legislature is not willing to appropriate the necessary sum for a sidewalk around the State Capitol grounds. The foolish prejudice which, to a certain extent, has always seemed to exist against Carson City, has been and is unworthy of men elected to legislate for the whole State.—Gazette.

—The sawdust bill passed the California Assembly Thursday. It is now ready for the approval of the Governor, and it will undoubtedly not be long before the mill men along the Truckee river will have to find some other means of disposing of their sawdust besides dumping it into that stream.

ST. PETER'S CHURCH.—March 3d, Quinquagesima Sunday: Service will be held in the morning at 11 A. M. Holy Communion and sermon. Sunday school at 12:15, evening service omitted. Wednesday, Ash Wednesday, service at 11 A. M. Thursday, prayers at 4 p. m.; Friday, Litany at 10 A. M.

—"Jack the Kisser" is roaming the streets of St. Louis at night. He distributes cards among his victims explaining that his mission is divine and his kiss is devoid of sensuality. This assertion is borne out by the fact that neither age nor ugliness is spared by him.

—WANTED—Women to do house work. Apply at this office. t f

AN HONORABLE MAN.

Congress put an amendment in the appropriation bill giving \$5,000 to Colonel Lamont, the President's Private Secretary. Colonel Lamont wrote a letter to Congressman Scott stating that when he accepted the position of Private Secretary, he had full knowledge of the pay attaching to it, and he preferred not to be the beneficiary of retroactive legislation, and therefore asked that the amendment be eliminated from the bill. His request was complied with and the \$5,000 was stricken out. Few men, rich or poor, in these degenerate days, would have declined \$5,000 from the public treasury.

All Hands Well Pleased.

The San Francisco Call says Superintendent Fillmore was jubilant Wednesday over the receipt of the following telegram from Omaha:

The following passengers, leaving San Francisco for Omaha, on the 23inst., desire to express to the Southern and Union Pacific companies their high appreciation of the exceptional comfort and benefit of this vestibule train, and of the Pullman sleeping, dining, sitting and smoking cars of same, and to strongly urge the continuance of the service. The officers have been at all times polite, attentive and devoted to their duties, the servants efficient, the meals all that could be desired, and the entire trip a very great success and pleasure.

Disease and Fright.

The smallpox scare has made business very dull in Carson. Many ladies will not go down town to shop for fear of the disease. This reminds one of an old anecdote.

One day Death met the Plague going toward Jerusalem.

"Which way, friend?"

"Going to Jerusalem to kill ten thousand people."

"Go on," said Death, "but see that you stop at ten thousand."

In a few weeks Death met the Plague coming out of the city.

"I hear that you killed one hundred thousand."

"Oh, no," was the reply, "I killed only ten thousand; the rest died from fright."

This is an apt illustration of the fact recognized by all medical men, that the most certain way to keep from catching a contagious disease is not to fear it. A person who does not fear it never catches it.

—Of the constitutional amendments that were submitted on the 11th ult., six received a majority of the vote cast. The greater number of these were voted upon at the last November election. By many it is claimed that those voted upon in November and again in February are void because the present Legislature had no other power to take them up other than for the purpose of passing upon them and submitting them to the next Legislature.

Among those was the amendment providing for the investment of the School Fund. Twice this important amendment has failed by reason of irregularities.

Owing to the doubt expressed, it would be well for the present legislature to introduce this amendment and pass it, so that the next can act on it should the court hold it invalid.—Gazette.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.

—The following is from the pen of Mr. L. P. Bardwell, editor of the TUX MARION (Iowa) PILOT, will, we believe be of interest to many of our readers. He says: "It is with pleasure that I certify to the real merits of Chamberlain's Cough Remedy. I have used it in my family for years and have always found it most excellent, and especially for colds, croup and sore throat. It is safe and effective." For sale by G. C. Thaxter.

How Did this Get Out?

The Troy Times seems to be the first paper to tell this "laughable" story: Before the daughter of a rich San Franciscan left home for Europe, she made out a telegraphic code and gave it to her father. The millionaire didn't look at it, but locked it in his desk. Last week he got a telegram from her. It consisted of one word—"laugh." He laughed. It seemed to be something quite pleasant. His code was at the house. He went up there in the best of humor. He got out the code and he read: "Laugh—send me \$500." Then he stopped laughing.

Nevada Mail Route Changes.

WASHINGTON, March 1.—The Postmaster General to-day made the following changes in mail routes in Nevada: From Candalaria to Columbus, increased to six times a week; Wardsworth to Stillwater, three times a week; from Stillwater to White Rock, three times a week; from Hamilton to Elko, three times a week; from Elko to Bullion, twice a week; from Fletcher to Wellington, three times a week. These changes go into effect March 11.

There Should be More of Them.

The Silver State says J. B. Gemmell has an artesian well on his ranch six miles west of Battle Mountain which flows 75 gallons of water a minute. The well is only 100 feet deep.

J. A. Blossom, G. W. Crum and several others have wells along the Humboldt from 150 to 200 feet deep which flow about the same quantity as the Gemmell well.

DIED.—In Carson City, March 2, 1889, W. A. B. Cobb, a native of Charlestown, Maine, aged nearly 72 years.

The funeral will take place from the late residence of deceased tomorrow (Sunday) at 2 o'clock p. m.

The deceased used many years ago to keep the Glenbrook house at the lake and also lived many years ago at Wadsworth and Aurora. Although 70 years of age, he was a very strong man physically and his death was quite unexpected. He was the father of Harry Cobb and Mrs. Frank McCullough, and will be much missed in the community where he has lived so many years.

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. W. H. Chedic, Druggist.

A Pleasant Resort.

Members and Attaches of the Legislature and the other Winter sojourners at the Capital, can find no pleasanter place of resort for reading the latest papers and magazines and selecting popular books than at Cagwin and Noteware's corner store—diagonally opposite the B. & E. Bank on Carson street. Here can always be found all sorts of plain and fancy stationery and general office supplies; besides an endless variety of novelties.

Cough! and Cough!! and Cough!!!

What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.
